The LearningShared CPLD Programme is an online CPLD programme consisting of 7 modules looking at **Curriculum; Pedagogy; Assessment; Leadership at all Levels; SEND Policy and Legislation; Reflective Inquiry** and **Wellbeing** with each module containing:

- 🦋 Pre-recorded lecture/presentation (online)

In Autumn 2022, the learning platform is being extended to include a powerful networking and community of practice tool, that will enable colleagues across your school to search, network, share, collaborate and participate in online networking opportunities with colleagues and organisational settings across the LearningShared community.

Illuminations, contributions and case studies are provided throughout the LearningShared programme by outstanding school leaders and practitioners from across the LearningShared community of practice.

**The whole programme is available and accessed on demand (anytime and from anywhere) via a brand new online learning platform and subscribing schools will be able to provide access to ALL staff across their school as well as your school governors, giving professional learning and development opportunities to your whole team.**
