

LearningShared: The Power of Community

Bringing together a large, powerful community of specialist and mainstream schools, colleges, leaders & practitioners...

The **Evidence for Learning** and **LearningShared** community now comprises more than 700 specialist schools, colleges and alternative provisions across the UK, as well as a rapidly growing number of mainstream schools. Consequently the LearningShared programme (especially the events) provide a unique and brilliant opportunity for leaders and practitioners to come together to directly harness and tap into the phenomenal wealth of knowledge and experience that exists across the community.

Background

The LearningShared programme has been designed by and is led and delivered by nationally recognised practitioners and experts in our field including **Prof. Barry Carpenter CBE**, **Diane Rochford OBE**, **Vijita Patel NLE** (Principal, Swiss Cottage School DRC), **James Waller** (Headteacher, Sunningdale School) and **Alistair Crawford** (St Martins / St Andrews School, Whole School SEND, Oak National Academy), with contributions from **Dr Tina Rae**, **Sharon Gray OBE**, **Dr Janet Rose**, **Laura Purser**, **Amanda Mordey OBE**, **Roz McFeeters** and many more colleagues across our network. The programme draws on the wealth of knowledge and expertise and crucially the connectivity across our LearningShared community.

Illuminations, contributions and case studies are provided throughout the LearningShared programme by outstanding school leaders and practitioners from across the LearningShared community of practice.

Who is LearningShared for?

LearningShared can support ALL staff and governors in your setting. In addition to events for leaders and practitioners, the online learning platform can be used by colleagues at EVERY stage of their career from ECT's to experienced leaders and everywhere in-between in mainstream and/or specialist settings. Many schools have also made the programme available to members of the governing body. Check out our 'Making the most of..' sessions within each module, which explore creative ways to use our innovative blended offer. Whether it be signposting individuals / groups to specific modules, supporting appraisal & PM or using aspects for whole school INSET, Learning Shared is here to support your SEND & Inclusion CPLD needs.

LearningShared CPLD Offer

Comprehensive CPLD programme for both specialist and mainstream settings and colleagues

Conferences
(Networking Development)

Virtual Events
(Follow Up Networking Collaboration)

Online Learning Platform
(100+ hours CPLD)

The **LearningShared CPLD Programme** and **Learning Platform** offers a totally unique approach to CPLD for your staff and governors that connects you with other schools and colleges through live in person networking and development conferences, virtual networking events and an online learning platform.

The programme is a carefully curated series of in person and virtual events facilitated by leading experts and practitioners from across the country, as well as a comprehensive online learning platform. Our 2023/24 offer includes access* to the following...

- 6 regional full day in person **Leadership Networking & Development Events** featuring **Prof. Barry Carpenter CBE**, **Diane Rochford OBE**, **Vijita Patel** (Principal, Swiss Cottage School DRC, London), **James Waller** (Headteacher, Sunningdale School, Sunderland) and other experts (specialist & mainstream) from across the LearningShared community.
- A series of **Virtual Events** offering the opportunity to follow up on key themes, share best practice and learning, as well as build your professional networks.
- 3 national **conferences** each providing a dedicated focus on a single topic, for example Preparing for Adulthood.
- 6 regional **Evidence for Learning Workshops / Clinics** offering opportunity to network, shared practice and learn from other schools and the EFL team.
- The **LearningShared Online Learning Platform** including lectures from **Prof. Barry Carpenter CBE**, **Diane Rochford OBE**, **Vijita Patel**, **James Waller**, **Dr Tina Rae**, **Dr Janet Rose**, **Sharon Gray OBE**, **Amanda Mordey OBE**, **Laura Purser** and many more. Illuminations, contributions and case studies are provided throughout the LearningShared platform by outstanding school leaders and practitioners from across the community of practice.

LearningShared: A Responsive Programme of CPLD

Regional Leadership Networking & Development Conferences (in person)

These unique events are an opportunity for leaders at schools, colleges and settings across the country to come together for a day of sharing and development.

In addition to workshops and presentations led by colleagues including **Prof. Barry Carpenter CBE**, **Diane Rochford OBE**, **Vijita Patel** (Principal, Swiss Cottage School) and **James Waller** (Principal, Sunningdale School) there will be comprehensive case studies from schools within the community and **structured roundtable discussions**.

Each day will be a great opportunity to share and discuss interpretations and approaches to SEND and inclusion with other school leaders.

The underlying theme of each event will be the exploration and discussion of how as leaders and practitioners we can develop and nurture truly inclusive and personalised approaches to curriculum, pedagogy and assessment, as well as systemise reflective practice and inquiry across the whole school.

The complexity threshold has undoubtedly shifted in recent years and as practitioners we need to be agile, responsive and innovative in the ways in which we support learners...

Agenda

- ♥ Understanding and describing learners and learning for different levels of need
- ♥ An Inquiry approach to neurodiversity & complex needs
- ♥ An Evidence led approach to school development including navigating a successful Ofsted Inspection
- ♥ Improving attendance for learners with the most complex needs
- ♥ Using Engagement to support personalised learning & play
- ♥ Preparing for Adulthood... beyond the school gates - Supporting students into aspirational & sustainable long term outcomes

Roundtable Discussion & Networking

The emphasis of each day will be on discussion, learning and networking... giving you lots of opportunity to meet and forge relationships with new partners and collaborators for your professional networks.

** The precise agendas for each event may vary slightly. Please get in touch with any queries.
Full details, schedule and locations - see link / QR Code below and overleaf*

Virtual 'Follow Up' Events

A series of virtual events offering leaders and practitioners the opportunity to follow up on and take a 'deeper dive' into the key aspects and themes covered at our regional Leadership Networking & Development Conferences. Our experts will guide, steer and develop the conversation which will be punctuated by exemplification from leading schools across the community. As always collaboration and the opportunity to develop your professional network act as a key drivers for these events.

National Themed Conferences (in person)

Our national themed conferences will provide a focused in person event and opportunity for colleagues (leaders and practitioners) across the UK to come together around one of the themes raised at the regional networking & development events - e.g. an event focused on Preparing for Adulthood, etc... Our experts will lead discussion and provide expert input as we explore the topic in greater detail. In addition to comprehensive case study presentations from schools and colleges across the LearningShared community, the conferences will be a fantastic opportunity to hear from, share and learn with colleagues around the country.

Regional EFL Workshop & Support Clinics (in person)

Our regional workshops offer teachers and leaders the opportunity to collaborate and network with colleagues from across their local area. Members of the EFL team will lead discussion and provide expert input as we explore what high quality evidence can look like, how it can be used to describe learning for different levels of need and share best practice around the use of EFL and Insights for Learning. Colleagues from across the community will share their own approaches with the group via Lightning Talks. The sessions will be very much guided and steered by members of the community and focus on the issues and topics most important to you!

Online Learning Platform

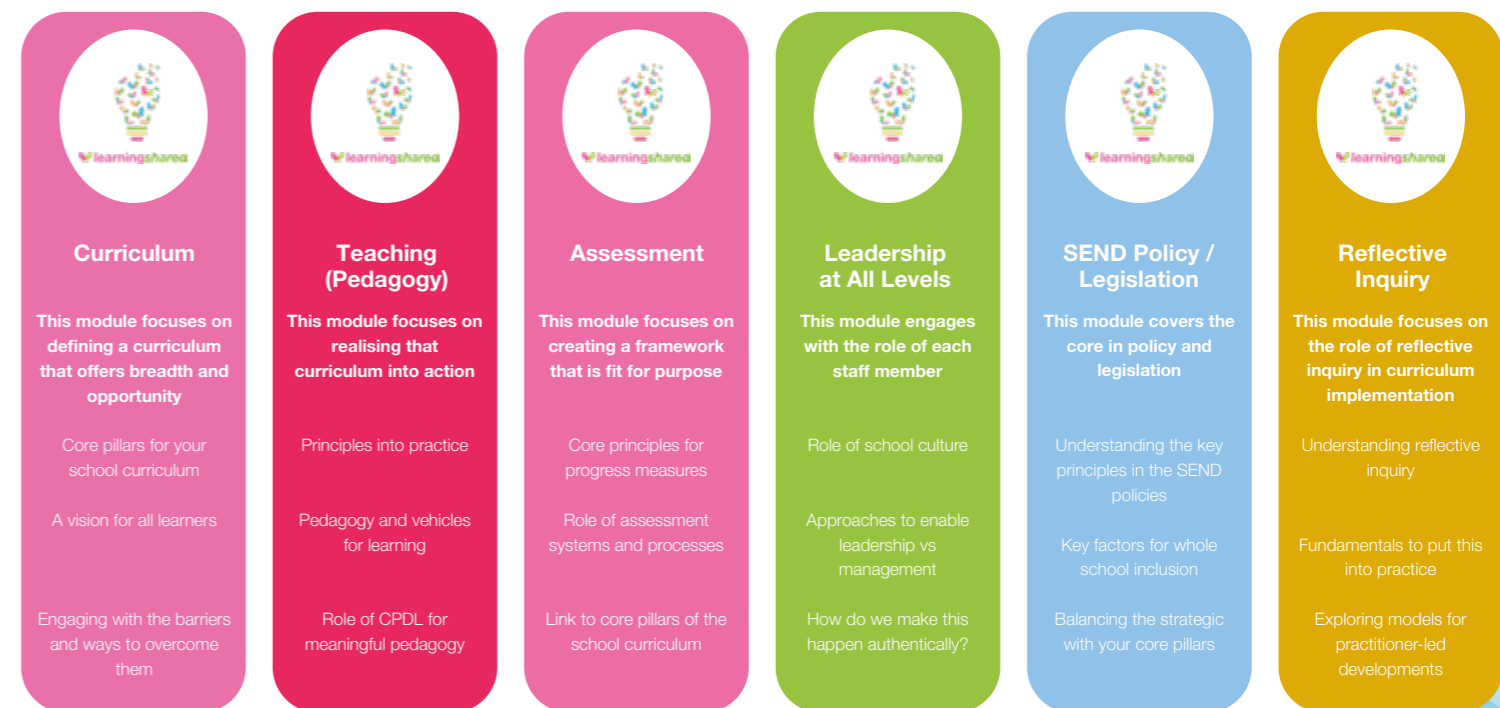

At the heart of the learning platform and programme are 7 modules looking at Curriculum; Pedagogy; Assessment; Leadership at all Levels; SEND Policy and Legislation; Reflective Inquiry and Wellbeing with each module containing:

- Pre-recorded lecture/presentation (online)
- Module-related case studies/webinars from leading schools, experts and practitioners
- Signposted further reading
- Suggested developmental questions and activities to consider in your own school

The modules can be accessed anytime and from anywhere via an online learning platform and subscribing schools will be able to provide access to ALL staff across their school (as well as school governors), giving professional learning and development opportunities to your whole staff team.

7 CPLD Topic Modules

Authentic Curriculum *Intent-Implementation-Impact* for Inclusive School Development
